AromeFrance's flagship Le parfum is now being shared with the United States. A tier above all other home scent devices, Le parfum disperses an array of luxurious scents tailored to your preferences and reminiscent of your travels. From the lavender fields of Provence, to the aromatic eucalyptus trees of Australia, to the clean, crisp smell of a luxury hotel, allow Le parfum to bring the aromas of your travels into your home.

With high quality cartridges that last up to 60 days, this device reliably and effortlessly immerses your space into your desired atmosphere. With bluetooth capabilities, Le parfum allows you to adjust and time your desired fragrance, giving you the ultimate control of your home atmosphere and taking home design one step further.

Allow Le parfum to capture the essence of your home.
